

Newport News Public Schools  
Summer Program for Arts, Recreation & Knowledge (SPARK)  
Program Open House

August 4, 2015

Pat attended a SPARK Program Open House and Tour and was amazed at the creativity of the kids. This program joins Newport News Public Schools with corporate, non-profit and city organizations to provide an engaging menu of offerings for kindergartners to high schoolers. The SPARK program is expanding city-wide for Summer 2016. With meals and transportation provided, no tuition costs and a wealth of quality programming, SPARK is a great opportunity for young people in our city.
