Dear Councilwoman Woodbury,

Thank you!

On behalf of the City, we want to express our gratitude for your early support of the Inaugural Newport News One City Marathon weekend! We are building a first class, signature event in the region and recognize that none of this would be possible without the strong commitments from our business partners.

As part of this recognition, we would like to invite you to an exclusive luncheon for our major event sponsors. This luncheon will be held on Tuesday, January 13, 2015, beginning at noon at the Newport News Marriott at City Center (740 Town Center Drive, Newport News). While enjoying a delicious meal, you will learn more about the event planning to date and weekend expectations. We will also share suggestions for how to promote and build greater excitement within your organization over the next two months.

Please RSVP to RoShaundra Ellington at 757-926-7359 or rellington@nnva.gov, no later than January 7, 2015. We hope that you, as the primary sponsor point of contact, and another leadership representative can join us. Your commitment and presence on January 13th will help us create an event that celebrates our community, promotes healthy living and showcases a place "where great things are happening"!

With Sincerest Regards,

McKinley L. Price
Mayor
