Another Look

Marine Photography from 1948-1972

For 25 years, the Annual Exhibition of Marine Photography, co-sponsored by the James River Camera Club and The Mariners' Museum, was intended to foster artistic and documentary maritime photography. This stunning group of vintage photographs represents the best from those exhibitions, showcasing photographers not only from our region but from all over the world.

Views of the Baltic Sea

Contemporary Photographs from Greifswald, Germany

October 2017 marks the 10th anniversary of Newport News' Sister City partnership with Greifswald, Germany. In recognition, The Mariners' Museum and Park presents this exhibition of contemporary maritime works by eight photographers.
